HISCO HD DVR QUICK REFERENCE GUIDE

1. REVIEWING RECORDED VIDEO

Search is a playback program that offers various playbacks and searching option for recorded data.

SEARCH PROCEDURE

- 1. Select month and date on the calendar (On the top right corner)
- Select hour and minute on the time line bar (on bottom center) of the camera and click the PLAY button Note: user can double click on the time line bar to expand it to minutes.

<<		3 / 2011			>>
